Kyiv, Ukraine

Passionate and innovative Front-End Developer with a strong commitment to continuous learning and exploring new technologies. Driven to improve processes, resolve complex issues, and deliver high-quality user experiences. A proactive team player with leadership qualities, dedicated to fostering collaboration and efficiency. Enthusiastic about contributing to eco-friendly solutions.

PROFESSIONAL SKILLS

HTML & CSS (LESS, SCSS, SASS), JavaScript, TypeScript, Jquery, React, Angular, Python

Magento, PHP, MySQL, PostgreSQL, MongoDB, Git, Figma, Zeplin, E-commerce

---

PROFESSIONAL EXPERIENCE

ODDITY   **January 2021 - Present**
Front-End Developer
IL MAKIAGE is a leading beauty e-commerce platform where I started as a junior front-end developer and progressed to a leadership role and develop custom features and pages using Magento, PHP, and JavaScript to improve UX and functionality. As a team leader, I mentor new developers, optimize processes for more accurate estimations, and resolve technical issues. Focus on creating innovative, user-friendly solutions that enhance both customer experience and team productivity.

Samsung   **September 2018 - December 2018**
Technical Support Specialist
Provide expert assistance and troubleshooting for Samsung devices, including smartphones, tablets, and wearables. Resolve technical issues, offer product consultations, and ensure optimal device performance. Deliver exceptional customer service through phone, email, and chat support.
